Office of the Chairman,
City Improvement Trust Board, Mysore

Dated 24th Sept. 1943

FROM

B. S. RAGHAVENDRA RAO, M.A., (Hons.),
THE CHAIRMAN,

City Improvement Trust Board,

Mysore

TO

C. Narayanaswamy Naidu, Esq., B.A., B.L.,
Secretary to the Government of His Highness the
Maharaja of Mysore, Law Department, Bangalore

Sir,

I have the honour to state that Door No 1884 in Block No 80-82-83 of Krishnaraja Mhalla, Mysore was acquired for improvement purposes and a sum of Rs 1,265/- was awarded as compensation. During the course of enquiry it was ascertained that the house which was in a dilapidated condition was previously being used as a Garadi and one Mr Vasudevaraju who handed over possession of the property could not substantiate his claim for absolute ownership of the house, as 'Garadis' are generally the property of the public (ಪುಬ್ಲಿಕ್) but he said that the amount of the award will be utilised for the construction of Physical Culture Institute in Saraswathipuram. I accordingly directed in the award that the amount of compensation may be placed in the Savings Bank deposit account in the Treasury in the name of the Chairman and utilised for the construction of a Physical Culture Institute as desired by the party. But as per provisions contained in Chapter VIII of the Business Manual of the City Improvement Trust Board, all realisations by the Trust Board have to be credited to the Mysore City Improvement Fund at the Treasury and the Comptroller on consultation opined that sanction of Government is necessary to open separate Savings Bank Account by the Chairman in such cases. Several cases of this nature arise in the course of acquisition proceedings where people are prepared to deposit money in the Trust Board for utilisation for purposes beneficial to the public and if such amounts are placed under deposit contributions pending utilisation for purposes intended, under ordinary rules, no interest is earned. I therefore request that the Government may kindly be moved to authorise the Chairman to open Savings Bank Account in the Treasury whenever private parties deposit money for utilisation for public purposes so that the funds so deposited may be enabled to earn some interest instead of being allowed to be idle, as some time will necessarily elapse before the works are taken up after the plans and estimates are prepared.

and approval of the Board and Government is obtained

Favour of early orders is solicited

I have the honour to be,

Your most obedient servant,

HRS

Memo No 89/LAC dated 19-11-1943

The transaction under reference cannot be treated as a contribution received for the construction of a public work. At best, it can be treated as undisbursed compensation (for properties acquired) held by the Trust Board tentatively until a rightful claimant thereto prefers a claim when it should be paid to him and failing which the amount should lapse to the Board's Funds. The correct method of accounting would accordingly be to place the amount under "Revenue Deposits" as contemplated in Art 216(c) of L.C.A.C Vol I and para 31(6)(c) of the Lands Compensation Rules Appendix XIII L.C.A.C.

If the acquisition officer is satisfied after a thorough enquiry that there is no probability of any claimants putting his claim later on and that the property does not belong to any particular individual or body of persons as in the case of several temples, chavadies and other Puzai institutions which come under subversion in connection with the acquisition for the K.R.S. Dam and that no structures have to be put up, no question of payment of compensation or passing an award arises. The new structure has to be constructed after getting an estimate sanctioned by Govt meeting the cost from the Trust Board Funds.

It is not correct to treat the amount as having been paid and investing the same in the savings bank to meet the cost of the new building as proposed by the Chairman.

Appendix XIII M & A c. It is not correct to treat the amount as having been paid and investing the same in the savings bank to meet the cost of the new building as proposed by the ^{you} chairman as the new structure has to be constructed after getting an estimate sanctioned by the Govt, ~~providing~~ the cost ^{being met} from the T. Board funds. In the light of the above observations, I am to add that your proposal cannot be sanctioned.
